Anna Green appointed CEO Philippines

ANZ today announced the appointment of Anna Green as CEO Philippines, reporting to David Green, CEO Singapore and Head of South East Asia, India and Middle East.

Ms Green, who joined ANZ in 2004, is currently CEO for ANZ Laos. Prior to this she has held senior risk and regulatory roles with ANZ across the region, and also practiced international banking and finance law in Sydney and London.

David Green said: "We have a strong franchise in the Philippines where local corporate and financial institutions are increasingly looking for business opportunities across ANZ's network in Australia, New Zealand and Asia.

"Anna's country leadership experience and strong connections across the ASEAN region make her the ideal candidate to lead the team here. Her skills and experience will be extremely valuable in driving our business in the Philippines," said Mr Green.

Subject to regulatory approval, Ms Green will commence in the role on 1 August 2017.

An announcement on the CEO Laos role will be made in the coming weeks.
