

## News Release

For Release: 14 September 2022

### **ANZ Plus reaches \$500m funds under management**

Launching to the public in July, ANZ Plus has now reached more than \$500 million in funds under management and 40,000 customers, with thousands joining each week.

Peter Dalton, Managing Director, Design and Delivery ANZx at ANZ said: “We are pleased to see strong growth in the number of customers joining ANZ Plus over the past few months.

“We are working hard to expand the offering and functionality of ANZ Plus with lots in the pipeline for the next 12 months. We’re also offering a competitive interest rate to help our savers reach their goals faster.”

ANZ Plus has recently released further enhancements including increased daily payment limits, now up to \$30,000 per day, giving customers more control over their money.

ANZ Plus has also enabled instant access to a digital card for Android users, allowing customers to add a digital debit card to Google Pay immediately after joining. This functionality is already available to iOS customers.

These features join other [functionality made available to customers in July](#), including BPAY, PayID and dynamic CVV.

The ANZ Plus app currently includes an everyday account with no monthly account fees, a multi-goal savings account and features to help people better understand their money and save towards their goals.

Effective Friday 16 September, the ANZ Plus Save rate will increase to 3.00% on ANZ Save balances under \$250,000.
